

DATABASE ADMINISTRATOR

Sosyal Yazılım is the home of innovation.

Our team of developers create visionary technology that powers global customer-facing products that have a community at their heart.

Our partners are mobile-only operators who are disrupting the world of sports and entertainment with products driven by social interaction and gamified mechanics.

How We Work?

Sosyal Yazılım develops innovative mobile applications through social and gamified user experience.

What We Build?

We bring the vision and context to empower great decisions, so we focus on posing the right questions rather than dictating detailed solutions.

How We Build It?

Our partnership sees the Product team focus on outcomes, while Engineering, Design and Data teams look at how we get there.

Our dynamic team is motivated by a strong entrepreneurial spirit.

Our Values are...

- Dialog
- Care
- Curiosity
- Results
- Product
- Level up
